

Deserted Island Referral Game

Close your eyes and picture yourself on a deserted island. If the man/women of your dreams/fantasies came ashore—who would it be? Open your eyes and write their name on the back of your profile card in the pink section. Now, what ONE beauty item could you not live without? Write this also in the pink section on the back of your profile card. Okay, will everyone please take out your cell phones. In the upper right hand corner of your profile card is where you can list friends or family members who you think are overworked, overtired, NEED and/or DESERVE some pampering. When I say “GO”—write down their name and phone number. The first person to list 5 names and numbers will receive the item they listed for 50% off! GO!
