To the Awesome Bonner Directors:

There is such excitement in the air among all of our National Area! Celebrating 50 years as a company is quite an achievement and many of you have set your goal to have your best year ever! With the formula that was shared on the conference call from National Sales Director, Tammy Crayk, there is truly no reason why you cannot be on the trip to Beijing or at the least be in a Unit Club of your choice!

I was also encouraged by how many of you have set your sights on the 50th Anniversary Bumble Bee and Court of Sharing! That will be the most exciting time of your life, sharing Mary Kay with at least 24 qualified new personal team members. Can you imagine the excitement you will have working with so many new personal team members, earning 23% commission as you help them achieve their goals!

I will be hosting the Syracuse, NY career conference but visiting the Augusta, GA conference as well. I hope you will continue to get your consultants registered as soon as possible. Give them a goal to achieve by Career Conference that will put them on the stage. Once they get a taste of what it is like to have the recognition they will want to be on the larger Seminar Stage!

I still have some openings for travel to your area. Please contact me as soon as possible so we can get a date set for me to come and do Leadership Training, a guest event or both. If you have adopted Directors in the area then I will be glad to add a Director meeting as well.

You are leading by example, always doing things the Mary Kay way and you are setting a great example for all who come your way! Thank you for being a woman of your word and a woman of integrity! I love and appreciate you!

Blessings for a great month!

Spotlighting Senior Sales Director Evelyn Hill:

I joined Mary Kay at a time in my life that I was inwardly feeling unfulfilled. I had worked for 12 years, had a lovely home, a daughter and was involved in my church but began to think "there had to be more to life than working for someone else, doing the same thing week in and week out. I also worked weekends if asked to do so.

I felt there was a giant inside of me needing to be awakened. While at the same time I wanted to keep my priorities of God first, family second, and career third. Mary Kay was the perfect fit!

Becoming a Sales Director in Mary Kay has taken the focus off of me and put it on others. I help those in my unit, especially ladies understand what can happen when there is a loss of finances, having gone through a marital and financial transition myself.

It is also a great joy partnering with those in my Unit who are at a cross roads of decision to think, dream bigger and to have their own organization something a 9 to 5 job cannot give them. It is about influence as well as success!

My family has truly benefited from my Mary Kay career. The flexibility financial support, and the time I can spend on others through my church and ministry commitments is priceless.

My next goal is to become a National Sales Director by helping others become Sales Directors by Seminar 2013!
