Let's Party with a Purpose

- **Fountain of Youth:** Turn back the hands of time and learn the best-kept secrets for a youthful appearance! Tips for your caring for your skin type and preventing skin damage are discussed. We provide a custom skin care analysis for each guest and try our Timewise anti-aging products. Troubled skin? We've got that covered, too!
- **Complexion Perfection:** Restore that smooth, even, healthy glow! This party builds on the Fountain of Youth and focuses on specialized skin care/facial treatments beyond basic skin care. Each guest will receive a custom skin care analysis and indulge in a cleansing/moisturizing regimen. We work in anti-aging skin supplements as well-- including masks, eye creams and microdermabrasion. Acne treatment is available as well!
- **Tuck Me Into Bed:** Simple steps to prep before you say good night! It's similar to Complexion Perfection, but it focuses mainly on a before-bed skin regimen and everyone comes dressed in their PJs. And--there's a prize for the cutest pajamas!
- **At-Home Spa Experience:** Bring the pampering of a luxurious spa to the comfort of your own living room! This includes your choice of face/body treatments and even pedicures! We provide tubs, towels and supplies for a do-it-yourself pedicure class. Sample a variety of lotions, hand/feet/body treatments and fragrances! The hostess is pampered with a warming neck wrap. A massage therapist can be brought in for an additional charge.
- **Build-A-Babe Workshop:** Unleash your inner BABE! This party focuses on in-depth makeover tips based on hair/eye color, face shape, eye shape and spacing. Everyone receives a custom color consultation, including matching of foundation formula and shade, eye colors, eye liner, a cheek and a lip color. We start with a dash-out-the-door look, build to a daytime office look and then to a more dramatic evening look without taking anything off!
- **Dash-Out-The-Door Party:** Beauty when you're tight on time! This party is a perfect mix of a basic skin care routine and a quick 5-minute look of foundation, eye color, bronzer, cheek and lip gloss.
- **Eyes Cream Social:** Eye creams and Ice cream! This party focuses all around the eyes--pampering eye treatments and secrets to bold, beautiful eyes! The fun doesn't stop there--create a make-your-own sundae bar to complete the theme! Have each guest bring a topping!
