

We're Taking Off!

On this page, you will make up two lists that will be the foundation of your new career. Think about all the people you know and make sure you contact each name! You will be off to a great start!

Booking List

List 30+ people you would most like to be your first hostesses or facial clients. Call each person on this list using your booking script. Set appointments not further than 2 weeks away.

Team Building List

List 15+ people you would like to share this amazing opportunity with. These women will help you earn your Pearls of Sharing. They should also be your first guests to Success Events and/or your Business Debut. Arrange a time for us to do a practice sharing session, via phone or in person. Your first 3-team members are on this list!
