Babes with Belief Breaking Barriers

"When you think small, you serve yourself. When you think big, you serve others. So think BIG and play hard!"

Mary Kay came into my life unexpectedly. In April 2010, I had been praying for over a year for God to send my husband a job working 8-5 M-F making the same paycheck so that we could spend more time together as a family. His job took anywhere from 60-80 hours a week, and I worked 40 hours a week in Home Health serving as an Occupational Therapist. Not to mention, I felt like a single mom taking care of my 2 beautiful girls, Addison (6) and Riley (3). Never in my life would I have ever dreamt of being a Mary Kay consultant. One day a friend from my church asked to borrow my face. I said sure, I was having trouble with acne and was desperately wanting a product to fix it. After my facial, I fell in love with the products. I literally noticed smaller pores, decreased blackheads, fewer lines, and decreased signs of acne without my face over drying. I was sold! My friend asked me to listen to the opportunity to win pearls. I said I would listen, but I wasn't joining because I didn't have time and I wasn't a sales person. That night after listening to the opportunity, I thought, "Hmmm...What is the worst that could happen? I get my stuff half off." So, I signed up the next day. Started as a star consultant and started working my business 4-6 hours a week the last week in June. From the end of June to November (5 months) I earned my first Mary Kay car working 4 to 6 hours a week. In November, I quit my current full-time OT job and started working PRN for another agency. I started working Mary Kay 10 to 15 hours a week. In January of 2011, I debuted as a sales director and received a \$1,000 bonus check. In February, our team became a Premier Unit earning the Equinox and in September 2011 our Unit achieved Cadillac status!!! Our team also placed #6 in Pearl Sales division for the month of September 2011 and #28 in the Nation. I love the women God has placed in my life with this business. I love the flexibility I have now and spend with family (especially date days with hubby) and the extra income it has provided. Our goal is to have 20 women in a free career car, and to become a Million Dollar Unit and National Area by July 2014!

Senior Director:

Kristin Myers

Former Occupation:

Occupational Therapist

Career Highlights:

- Joined Mary Kay Apr. 2010
