

Honor Administrative Professionals

April 21-25, 2014

It's about more than skin care, Mary Kay is about how a person feels about themselves. From the characteristics that make them feel unique and unforgettable to the way they touch lives of those around them and the products they use to enhance their natural beauty.

There are two ways you can honor those who work with and for you:

1. I will hand deliver small gift bags including a Mary Kay sample with candies—FREE. Each person is then entered into a drawing for a Mary Kay gift basket—appropriate for either a man or a woman. Or,
2. You can choose a dollar amount you'd like to spend on each individual and I will customize gifts for your staff—beautifully wrapped and hand delivered. (Gifts start at \$10)

Call me right away to make arrangements for your staff!!
