

Night Restore & Recover Complex Script

Hi, _____! This is _____, your Mary Kay Independent Beauty Consultant. Do you have a minute? Great! You know you are one of my best skin care customers so I wanted you to be one of the first to know that Mary Kay has just launched an amazing new night time product that awakens the age fighting potential at night. Talk about a dream come true! So, I am calling to see if you would like to get together with your girlfriends to have a pajama party to try it. Doesn't that sound like fun? I'll show how to make the most of your beauty sleep with our new nighttime product and all you have to do is show up in your PJ's!

Schedule the party and don't forget to wear your own fun slippers to the party. Use this script to call all of your current skin care customers.
