Q-tip

Candy

13 tickets

Goodie Bags: Small bags can be ordered from Mary Kay, party bags from Walmart or any party supply or my favorite, "mygirlfriendshouse.com." These bags self-seal so the items do not fall out.

OPTIONAL: *Your table needs to look fun & inviting. Therefore, we recommend some type of placemat to put each guest's tray on. You can purchase scrapbook paper at Hobby Lobby & Laminate each on at Mardel. Tons of colors, tons of patterns, it's sharp and it is very inexpensive.*

Print the "Party Tray Insert" (on website) on plain cardstock to match your theme. Laminate at Mardel then cut to fit your trays.

I purchase cupcake papers to match my placemats & I use those to put mineral powder in or once I have put it on their cotton balls, I set them inside. It keeps it from being so messy.

DOOR PRIZES:

**A Party of 3 or 4
4 to 6**

**2 Door Prizes
3 Door Prizes**

Wrap mini handcreams, color cards with a lip gloss sample, or eye shadows in party bags with matching tulle for the bow.

If you play a follow up game, use a discontinued product or full size hand cream, something inexpensive.

You will print the Build A Bag set sheet on one side & the starter kit flier on the other side. Put in clear sheet protectors.
